

TEREX OPERATING SYSTEM FOR ROUGH TERRAIN CRANES

Improved information flow and accessibility to increase operating efficiency.

**MAXIMUM
VISIBILITY**

**INTUITIVE
NAVIGATION**

**DIAGNOSTICS
MENU**

**OPTIONS
INCLUDED**

► 10" FULL-COLOR TOUCH SCREEN DISPLAY

The new user interface with wide 10" full-color touch screen display features self-explanatory and intuitive icons.

Antiglare black background improves visibility and reduces eyestrain.

► INTUITIVE NAVIGATION

Based on extensive customer feedback, information access is quick and easy.

The primary and most frequently used functions are immediately accessible, and intuitive controls ensure a short learning curve for new operators.

► DIAGNOSTICS MENU

Error messages and warnings are within easy view for enhanced safety. A dedicated menu for diagnostics gives immediate feedback on crane, main component and sensor operating status.

► OPTIONS INCLUDED

Optional cameras are also incorporated in the main display: the operator has full control of the crane from all points of view via a single display.

The optional radio remote control and T-Link platform can also be managed from the main display.
